1 Vision

Vision

- This major force is **revolutionizing** software engineering:

Vision

- This major force is **revolutionizing** software engineering: **Open Source Software** (OSS)
- So this is a major research area for the future:

Vision

- This major force is **revolutionizing** software engineering:
  - **Open Source Software** (OSS)
- So this is a major research area for the future:
  - **Open Source Software Requirements Engineering**

- Our research **vision** and **focus**:

  Deep understanding of, and **effective support** for:
    - **Contribution management** in OSSRE

Background

Johan Linåker's licentiate thesis:

-

Future work in on-going doctoral thesis project:

-
